

RILEE FISHER

729 BAXTER TRAIL, ROCKWALL, TX
rilee@fisherpride.com | (214) 566-8112

Objective

To join a fast-paced team where I can learn and make an immediate positive impact to a growing company in technology.

Education

Texas A&M University	College Station, TX	December, 2017
Bachelors of Science, Construction Science		

Specialized course work in building systems, materials and methods of construction, scheduling, cost estimating, structures, construction management, law, and business/labor relations. The Texas A&M Construction Science program is one of the largest and best programs of construction higher education in the world.

Experience

- **The Fain Group, Project Estimator, Fort Worth, TX** February 2018 – June 2018
- The Fain Group is a General Contractor based out Fort Worth and was founded in 2004. The Fain Group's largest source of projects are municipal. They have focused their efforts on projects like city renovations, city water parks, and park trails.

As a Project Estimator I am responsible for providing an accurate quantity estimate for new potential projects. This begins with retrieving new projects out for bid and assembling a formal bid for submission. In my time I have estimated and put together over a dozen bid proposals for submission.

- Responsible for acquiring new projects for bid
- Perform accurate take offs based on project plans
- Retrieve quotes from subcontractors to create formal bid proposals

- **Rogers O'Brien Construction, Office Engineer (Intern), Dallas, TX** May 2016 – Dec 2016
- R-O was founded in 1969 and is based in Dallas, Texas with additional offices in Austin and Houston. R-O specializes in healthcare, mixed-use, corporate, worship, senior living, education, public, retail, and industrial construction projects.

Worked as an Office Engineer (Intern) on the \$120 million dollar, mixed-used "West Village" project consisting of an eight-story hotel, twenty-three story apartment complex, and two individual parking garages. I arrived soon after initial ground breaking and stayed through 50% of the structural phase. I completed the following activities during my time at R-O:

- Coordinated implementation of most post-tensioned decks
- Shop drawing coordination between subcontractors and engineers
- Reviewed subcontractor submittals to ensure they met or exceeded specifications
- Responsible for material tracking of rebar, concrete, and waste

- **Cosmic Photo Booth, Owner, Dallas/Fort-Worth, TX** Nov 2014 – May 2016
- Self-funded business which I grew to \$40,000 in revenues by the second year. Responsible for all facets of the business from marketing to operations including the hiring and scheduling of personnel to run events for demanding customer base including weddings and businesses. Closed business in May 2016 to focus on internship.

- \$40,000 in revenue from \$0 in under two years
- Booked and executed over 100 events
- Sourced and managed over a dozen team members

- **Energy Efficient Measures, Technical Sales Rep, Dallas, TX** Jun 2014 – Aug 2014
- Energy Efficient Measures is a Dallas-based, Energy improvement company focused on delivering efficiency improvements supported by local and federal grants. Example improvements include additional insulation, weather stripping, sealing exterior gaps, etc.

As a Technical Sales Rep, my role was to educate customers, determine qualification of funding through inspection, and schedule services. My greatest accomplishment was shifting sales focus from single family residential to multi-family residential securing dozens of jobs per closed deal.

- Secured 100 single family jobs and 3 multi-family jobs

Activities

- Texas A&M Rugby Club and Dallas Reds Rugby Club January 2016 – May 2017
- Students for Entrepreneurship and Economic Development (SEED), CCCC Sept 2014-May 2015
- Kenya Mission Trip, Kenya, Africa July 2012

Skills

- Experience in Revit, Autocad, Bluebeam, Microsoft Project
- Proficient with computing technology including Microsoft Office applications.
